If your guest is one who is used to the ministration of a French chef, you will probably please her best by giving her some of the dainty home dishes for which you have a reputation beyond your home, and of which she has heard. Make things pleasant and pretty in your own simple fashion, and you will be a success—that is, if you have displayed spotless linen napery, shinting glassware and burnished silver, and have had the good take to invite only those who are congenial to each other.

Chiefly because of this has come the increase above and below the corset line—below especially. A roll of flesh is pushed out below the corsets, and this means getting fat.
